

Trainer profile

Akarat Rujirasettakul

With over 20 years of corporate experience, Akarat held leadership roles in several Fortune 500 companies (up to Asian regional levels) with global hands-on exposure in working with US, European, Australia, Chinese and Indian cross-functional and cross-cultural teams. This exposure has proved to be essential to his leadership and cross-cultural profile, as he understands how to lead and train teams to achieve corporate goals.

Akarat has hands-on experience and a proven track record in Supply Chain Management, Sales and Operations Planning, Project Management, 3PL Outsourcing, Contract Manufacturing Management, Organization Planning and others, within both B2B and B2C industries. He has led the development of strategic and operational plans, as well as deployed ERP and S&OP projects within Asia.

His training and consultancy specialities includes profit improvement, customer satisfaction improvement, team building, leadership development, and project management. Akarat is now a business consultant and guest speaker/trainer on various expert subjects for both private and public sectors.
